PO Box 1850
Jackson, MS 39215

Subject: City of Clinton Bridge Replacement Program
Project No.: 105586/105000

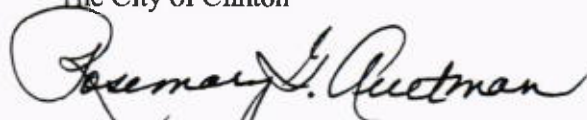

Dear Mr. Robinson:

On December 8, 2009, the City of Clinton conducted the bid opening for the subject project. Representatives from URS Corporation and the Mississippi Department of Transportation witnessed the bid opening. Three bid proposal envelopes were received before the 9:00 AM cut off, however, only two of the bids were opened and read aloud, as one of the bids was determined to be irregular and was not opened and returned to the bidder's representative.

URS Corporation has conducted a detailed comparison of the engineer's estimate and the bids received and opened. All unit price extensions and the bid totals were verified. For the apparent low bidder, an analysis of unit prices was conducted and determined to be within reasonable limits when compared to the engineer's estimate.

Based on the low bid proposal, which was within 10% of the engineer's estimate, it is recommended that the project be awarded to the low bid proposal, Key, LLC.

Sincerely,
The City of Clinton

Rosemary G. Aultman
Mayor

URS Corporation

Kent B. Dussom, P.E.
Project Manager

* Note: The City actually received three bid documents. Prior to the bid opening, the bid envelopes were inspected and it was determined that one of the bid documents appeared to be a "stripped" bid. The apparent "stripped" bid was submitted by Utility Constructors of Jackson, MS. A person from Utility Constructors attended the bid opening and verified that in fact it was a "stripped" bid. The bid document was returned to the representative from Utility Constructors unopened.
