PLANNING & ZONING COMMISSION

Clinton, Mississippi

Tuesday, March 23, 2010

6:30 p.m.

Municipal Courtroom

305 Monroe Street

Meeting Minutes

Members Present: Foster Ellis, Jr., Nancy Davis, Ryan Tracy, James Martin, Pat Smith, Mark Williams

City Officials: Jerry Bounds, Ken Dreher

Minutes taken by Cassie Cutrer.

I. Call To Order

Jim Martin called the meeting to order at 6:31 p.m.

II. Consideration and Approval of January 26, 2010 Minutes.

MOTION by Jim Martin to approve the January 26, 2010 minutes. SECOND by Ryan Tracy. UNANIMOUS approval. NONE opposed.

III. New Considerations:

A. Public Hearing: Revisions to Ordinance for Illicit Discharge

A public hearing was held to hear concerns or comments on the new revisions to the Ordinance for Illicit Discharge. No comments from the public were made.

B. Conditional Use: 2001 Pinehaven Rd, Pinehaven Presbyterian Church, Mark Welch

Jerry Bounds explained that the St. Paul Presbyterian Church would like to build a new building at 2001 Pinehaven Rd. A conditional use must be approved as well as the architectural plans.

Mark Welch, member of the church and general contractor, explained that the church merged with the former Mt. Salus. Currently, the church is located in South Jackson. However, because 80 % of their members are Clinton residents, they would like to move into Clinton.

Jim Martin asked Mr. Welch to explain their design plans.

Mr. Welch showed the committee the model of the church and explained the different wings and what they would be used for. He stated that the building would be white siding with the walls 16 ft.

Nancy Davis asked how much land they owned.

Mr. Welch said the land was 5.25 acres.

Jim Martin asked the capacity of the building. Mr. Welch stated that 189 people would fill the building at 80% capacity. Currently the church has 110 to 120 on Sunday mornings.

Jerry Bounds stated the Architectural Review suggested that the church change the silver Galvalume roof which they planned for to a color roof.

Mr. Welch stated that the church really wanted to have the Galvalume roof. He gave the example of Hinds Independent Methodist Church in Raymond, which is similar in colors to what they wanted: a white building with silver roof. He stated that the building was striking. He said that the colored metal roof would fade in 4 years or so.

Jim Martin said he would like to hear Bettye King's comments from the Architectural Review meeting.

Jim Martin asked Mr. Welch what time frame the church was looking at to have the building finished. Mr. Welch said they were looking to complete it, after the start date, in 8 or 9 months.

Mr. Robert Louis, the architect for the building, agreed that the Galvalume roof will last longer than the color roof. Since the committee wanted the painted metal roof, he asked if the committee would approve a silver paint. He asked why the Architectural Committee did not like the Galvalume roof.

Jerry Bounds said that the Review Board thought the metal roof made the structure look like a metal building.

Ken Dreher asked for the address of the Methodist Church that was similar in colors. Mr. Welch did not have the address, but gave the Commission directions. Pat Smith commented that the Methodist Church they were talking about was beautiful.

Jim Martin suggested to Pinehaven Presbyterian Representatives that they might go before the Architectural Review Board again and present their case. Because the Planning and Zoning did not have a full explanation from the Architectural Review Board, they did not want to vote for or against the plans.

Mr. Welch asked what he could do and not do without a permit. His concern was that the dirt testing he wanted to do would not be able to be done until having a permit.

Jerry Bounds said the City would not "shut them down" for having bulldozers and such on site. They would only have a problem if the church began pouring concrete.

Mr. Welch added that the color scheme was decided by a highly respected architect. The church would not look like a metal building. Mr. Welch questioned what basis the Architectural Review Board had in order to say the church couldn't look like a metal building anyway.

Jim Martin reassured Mr. Welch that it sounded like there was some miscommunication and misunderstanding between what the church had in mind for their building design and what the Architectural Review Board understood them to have planned.

Nancy Davis asked who was on the Architectural Review Board.

Jerry Bounds stated Tara Lytal, George Ewing, and Bettye King.

Jim Martin assured the church representatives that he has not seen the Architectural Review Board to be unreasonable. Mr. Welch asked what would happen if the Architectural Review Board still did not approve their plans. Jim Martin explained how they can still appeal to the Planning and Zoning and then the Mayor and Board of Aldermen. Jim Martin suggested that the Commission vote on the approval of the conditional use and table the approval of the architectural plans.

MOTION made by Ryan Tracy to approve the conditional use for a church at 2001 Pinehaven Road. SECOND by Pat Smith. UNANIMOUS approval. NONE opposed.

C. Architectural Plans: Lot 8 Springhill

Jerry Bounds showed the Commission the colors to be used on the house. The floor and site plans were previously mailed to them. The Architectural Review Board showed no concerns regarding the plans. Tim Prevost is the builder of the house.

MOTION by Foster Ellis to approve the Architectural Plans at Lot 8 Springhill. SECOND by Ryan Tracy. UNANIMOUS Approval. NONE opposed.

D. Request to tear down storage building and rebuild at 307 E. College St.

Jerry Bounds showed the color which would match the house that Mr. Steevens would be using.

Jeffery Steevens, the owner of the house, said he moved into the house last summer. He had intentions to maintain the craftsman style. The new shed he intends to build a little bigger so that a full car may fit inside.

Jerry Bounds clarified that the Olde Towne Historical Preservation Committee and the Architectural Review Board had both approved the plans.

MOTION by Nancy Davis. SECOND by Foster Ellis. UNANIMOUS approval. NONE opposed.

E. 401 Clinton Parkway Sign

Jerry Bounds explained that signs on the Parkway must come before the Planning and Zoning Commission. The Commission had the sign drawings previously mailed to them. Jerry Bounds added that the brick color to be used was a red-orange color. The Architectural Review Board has approved the sign.

Jim Martin asked if the sign met the required dimensions. Mr. Bounds said it did and also meets the new ordinance requirements.

Christy Higdon, representative present for the sign, did not have anything to add.

MOTION by Ryan Tracy to approve the sign submitted for 401 Clinton Parkway. SECOND by Mark Williams. UNANIMOUS approval. NONE opposed.

F. Architectural Plans: Lot 5 Springhill

Jerry Bounds showed the Commission the colors, materials, and architectural plans. He stated that the Architectural Review Board had approved the plans. Jim Martin asked how many lots total would be in the Springhill Subdivision. Jerry Bounds stated there would be 14 and this would be the third approved house.

MOTION by Mark Williams to approve the architectural plans submitted. SECOND by Nancy Davis. UNANIMOUS approval. NONE opposed.

IV. The Meeting was adjourned at 7:18 p.m.

February 18, 2010

Mr. Jeffery Steevens
307 East College St.
Clinton, MS 39056

Dear Mr. Steevens:

I have received your request to remove your existing garage and build a new one. This property is located in the Olde Town Clinton District which requires approval from the Historical Preservation Committee, the Planning and Zoning Commission and the Mayor and Board of Alderman. You or a representative must be present at the Planning and Zoning as well as the Mayor and Board of Alderman meetings. The Planning and Zoning Commission will meet on March 23, 2010 starting at 6:30 pm and the Mayor and Board of Alderman will meet on April 6, 2010 at 7:00 pm. Both meetings will be held at the Municipal Court Room located at 305 Monroe Street.

If you have any questions or need any further assistance I can be reached at (601) 924-2256.

Sincerely,

Jerry "J.B." Bounds
Director
Community Development

Proposed Garage at 307 E College Street

1. Removal of existing structure
2. Installation of additional driveway surface
3. Construction of new building

Proposed Garage at 307 E College Street: Salvage of existing structure

- Existing 20' by 18' structure is unstable due to termite damage
- Salvage materials
 - Old House Depot: metal roof, siding, structural components
 - New garage: salvage and retain siding for trim (lead abatement required)
 - Expected deconstruction, 1 week with dumpster in front drive

Proposed Garage at 307 E College Street: Construction of additional driveway

- New concrete driveway will allow parking in back
 - Limit parking in front of house
 - Safety, visually appealing
 - Allow turn around for 2 cars
 - Area for children to play
 - Manage runoff
- Removal of chain link fence, replace with picket fence on side
- Repair section of broken concrete in front yard
- Approximate size is 30' by 24'

Proposed Garage at 307 E College Street: New Structure

- 550 ft² Craftsman style 2 car garage
 - 22' by 25'
 - Shingle roof
 - Hardy board siding
 - Salvage siding from old structure for trim
 - Potential doors/windows from Old House Depot
 - Match colors of house
- Placed 6' back from existing structure and 12' from west property line

Russell Wall
City Administrator
City of Clinton
300 Jefferson Street
Clinton, MS 39060

Dear Russell:

As requested, this letter agreement ("Agreement") with the City of Clinton sets forth our mutual understanding of the terms and conditions pertaining to nCourt LLC providing the City of Clinton with an online payment program.

For good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the parties agree as follows:

1. nCourt LLC ("nCourt") is a government services technology company that, among other things, provides software that permits offenders to pay traffic citations on-line with a credit or debit card (the "Program").
2. nCourt shall build, host and maintain a city/court-specific website(s) for the City of Clinton, Mississippi with the URL, www.Clintontix.com (and others).
3. All costs for development, hosting, application, processing, customer service and merchant fees related to the Program are underwritten by a 'user fee' included in the payment transaction.
4. There is no cost to the Court or City for the implementation and operation of the Program.
5. The Court will update nCourt's database, on a regular basis to be determined by the parties, with data on all open traffic citations from the Court's server. Once uploaded to a secure nCourt Internet site, the information will be stored for access and payment by the offender. Citations will be searched by citation number and the first and last name or similar identifying characteristic of the offender (for premium service)
6. When a payment is authorized, nCourt will provide e-mail notification to the Court or City by e-mail. Court employees will update the court case management system with payment information upon the email notification by nCourt.
7. The citation holder will be simultaneously advised that the transaction has been completed.
8. Payments are deposited daily into a court fees custodial account and transferred by check or ACH Electronic Transfer to the City of Clinton on a predetermined basis. The payment will be accompanied by a reconciliation detailing the paid citations/bills included. Any money transfer fees will be absorbed by nCourt.
9. nCourt guarantees to the City of Clinton all fees collected, regardless of any charge back issues.

103 Springfield Center Drive, Suite 100 ■ Woodstock, GA 30188 ■ (770) 516-4919 ■ (800) 701-8560
500 East 85th Street, #11H ■ New York, NY 10028 ■ (212) 472-8538

nCourt™

10. Upon notification of a change in any fine amount which has not yet been entered into the Court's database (and therefore is not in the nCourt system), nCourt will take necessary action to secure the additional funds or refund an overpayment.
11. Citations that require a court appearance will be ineligible for online payment.
12. nCourt shall provide a toll-free telephonic customer service function to ensure that members of the public utilizing the Program have a satisfactory experience that does not require the technological assistance of Court personnel or City personnel.
13. In order to ensure high utilization of the Program and thereby further streamline ticket processing, the website address shall be printed on all traffic citations and utility bills. The issuing officer may also deliver a printed document to the offender upon the issuance of the citation which contains the website address. Links from other Town websites will also be explored. Additionally, City and Court administrative staff should routinely advise telephone callers of the Court's/City's website(s) which should create greater utilization and reduce telephone inquiries to the Court & City.
14. The disclaimer language to appear on the website is contained in Appendix A, attached hereto.
15. This Agreement may be terminated by the City of Clinton at will.
16. This Agreement represents the final agreement of the parties. No amendment or modification of this Agreement shall be valid or binding upon either party unless made in writing and signed by the party against whom it is to be enforced.
17. This Agreement has been executed and delivered in the State of ~~Georgia~~ *Mississippi*, and all questions with respect to the construction of this Agreement and the rights and liabilities of the parties hereto shall be determined in accordance with the applicable provisions of the laws of the State of ~~Georgia~~ *Mississippi* without giving credence to the conflicts of law provisions thereof. *RMW DM*
18. The parties acknowledge that they have executed this Agreement as of the date and year first above written.

Sincerely,

nCourt LLC

Local Governments Have Multiple Financial Interactions

1) Citizens have multiple payments to make

2) But can only do it through the mail or in person

3) Which places a huge burden on the city and its employees

4) And ultimately generates citizen frustration and underpayment

Citizens Want Online Payment Options – But Often Online Payments Are Made Available Through Myriad Portals

This creates myriad inefficiencies

- Multiple websites with no common link or format – and frequently not customized for the Municipality
- Myriad vendors managing government data and, more importantly, government funds
- Limited and inconsistent customer service accessible to the city and citizens through different email addresses and phone numbers
- Changes in vendors can require changes in the online payment platform
- Lack of e-commerce specialization deprives the city of 'best in class' functionality

nCourt Offers a Single-Source Solution

A Single Payment Site Leads to Transaction-Specific Websites

What Have Customers Experienced?

nCourt Provides:

- A customized, court-specific website
- A toll-free number staffed by live professionals
- 24x7 Credit Card/Debit Card processing
- Mail outreach reminding violators of their court date
- Collections of aged, unpaid citations

So the Court experiences:

- Call volume decreases by up to 35%
- Mail-in payments decrease by up to 15%
- Court docket decreases by up to 20%
- Up to a 25% increase in fines collected
- More money for the municipality
- More flexibility for the violator

"We don't get as many of the 'crazy' phone calls anymore"

Tonya Dutton – Court Clerk, Jasper, GA

"Thanks for the convenience of paying my ticket online. I have been driving for 52 years and this was my first speeding ticket. I say you can teach an old dog new tricks."

PR – Chatsworth, GA

All at no cost and no obligation!

Confidential

Why Should We Use nCourt?

- A Trusted partner
 - Over 600 municipalities and counties using nCourt services
 - Millions of dollars in court funds collected and distributed annually
 - Fully insured to protect the city
- A world-class service ethic
 - Dozens of references
 - Live 800 number allowing the city and citizens to talk to a person
 - No contract required – service is at the will of the city
 - Proven methods to ensure maximum benefit (stickers, posters, mailings)
- Flexible solutions for your specific needs
 - Customized, city-specific websites
 - Paper or e-payment, on a schedule that meets the city's needs
 - Not tied to any specific software vendor so service is available regardless of system decisions
 - Broad service offering able to meet multiple municipal needs (probation, utilities, certificates, etc.)

nCourt Online Payment Services

- Online Citation Payments
- Online Bail/Probation Payments
- Online Utility Payments
- Online Tax and Tag Renewals
- Electronic Filing of Small Claims, Landlord-Tenant Actions, and Other Legal Documents
- Online Parking Ticket Payment
- Online Ordering Of Licenses And Other Local Government Forms
- Past Due Warrant Collection (not available in all states)

What people are saying about us...

"In my 21 years of working for the courts, payments have been their highest since nCourt was put into place. In particular, February was our biggest month to-date. The users especially love the convenience because you cannot pay with a credit at the courthouse or in the mail. nCourt certainly makes the dreaded fines a little more tolerable."

Darlene Jones

Lauderdale County Justice Court, MS

We are using nCourt which is based in Woodstock, Georgia. They are currently in approximately 66 other courts in Georgia. I highly recommend their services based on our experiences. They have processed in excess of \$200,000 for our court since June, 2007.

Pamela A.

Marietta, GA

GREAT!! Customer service is second to none. We officially had website up and running beginning of March and as of today we have received about \$2500(actual check in hand) and about an extra \$1200 that has been paid online, but we haven't received yet -- we get a check every 2 weeks or so.

System is wonderful -- instant email when payment is processed and then you import to your computer, MDS for me.
Jennifer B.

Pembroke Municipal Court

IT IS A LIFE SAVER FOR ME.

DAISY

Ft. Valley Municipal Court

We use them at Cochran Municipal Court and just love them. I have had no problems at all. They deposit our money each Tuesday in our account at the bank and it works great. Each time someone pays a citation, I get an automatic email telling me.

Todd Peterson, Sergeant
Clinton Police Department
305 Monroe Street
Clinton, MS 39056

Dear Sergeant Peterson:

Enclosed you will find your State Homeland Security Grant Program Award and Grant Recipient Agreement for the Fiscal Year 2010. These funds are for the purchase of a prime mover, License Plate Recognition System and Bomb Squad Equipment. All grant funds must be expended and request for reimbursement must be received in our office no later than May 15, 2011.

Please sign your Grant Award and Grant Recipient Agreement and return to this office no later than April 23, 2010. Failure to return your signed Grant Award and Grant Recipient Agreement by the above date will result in the reallocation of these funds.

Please feel free to contact our office if you should have any questions. You may reach us at 601-346-1499.

Regards,

STATE HOMELAND SECURITY GRANT PROGRAM AWARD

DATE OF AWARD: March 12, 2010 GRANT NO: 09HS147
SUB-GRANTEE: CITY OF CLINTON (Bomb Squad/ Fire & Police Dept.)
PROGRAM NAME: Fiscal Year 09 ODP Homeland Security Grant Program
GRANT PERIOD: 10/01/2009 to 03/31/2011
AWARD AMOUNT: \$114,000.00

Under the State Homeland Security Grant Program, the Department of Public Safety hereby awards to the aforementioned sub-grantee, a grant in the amount shown above for the purchase of equipment, for planning, training, exercise management and administrative costs. The allowable expenditures for these monies are described in detail in the Department of Homeland Security Guidelines, which can be accessed via Department of Homeland Security website at www.dhs.gov. These funds are to be used by your jurisdiction to enhance existing capabilities in order to develop the initial capacity within the state of Mississippi to respond to acts of domestic and international terrorism, the use of weapons of mass destruction and biochemical agents.

The projects and objectives outcome to be accomplished during the performance period of this grant will be in the form of equipment, selected from the approved equipment list, planning, training, exercise, management and administrative cost. All must be in compliance with the State Homeland Security Grant Program Guidance.

The sub-grantee hereby assures and certifies that it will comply with regulations, policies, guidelines and requirements set forth in the DOJ Financial Guide and the Standard Assurances as they relate to the application, acceptance, and use of federal funds. The grantee hereby assures and certifies that it will comply with regulations, policies, guidelines and requirements set forth in Local, State and Federal purchasing laws and in stipulations set forth in attached grant recipient agreement.

This award document is your authorization to expend jurisdiction funds. Expenditures incurred prior to the execution of this grant award period are not allowable. Reimbursements and advances will only be provided once a month. A signed copy of said agreement must be returned to DPS prior to release of payment. If your jurisdiction has not expended funds prior to the end of the grant period, this office will redistribute these funds accordingly.

Acceptance for the Sub-Grantee:

GRANT RECIPIENT AGREEMENT

1. The designated representative certifies that he/she has legal authority to apply for assistance.
2. The Applicant shall provide all necessary financial and managerial resources to meet the terms and conditions of receiving Federal and State assistance.
3. The Applicant shall use awarded funds solely for the purpose for which these funds are provided and as approved by the DPS Authorized Representative.
4. The Applicant is aware of and shall comply with cost-sharing requirements.
5. The Applicant shall establish and maintain a proper accounting system to record expenditures of awarded funds in accordance with generally accepted accounting standards and OMB Circulars A-87 and A-133 as applicable and/or as directed by the DPS Authorized Representative.
6. The Applicant shall comply with the Single Audit Act of 1984 and will provide copies of audit reports when issued, 44CFR Part 14.
7. The Applicant shall give State and Federal agencies designated by the DPS Authorized Representative access to and the right to examine all records and documents related to use of award funds.
8. The Applicant shall return to the State, within thirty (30) days of such request by the DPS Authorized Representative, any advance funds which are not supported by audit or other Federal or State review of documentation by the Applicant.
9. The Applicant shall comply with all applicable provisions of Federal and State laws and regulations in regard to procurement of goods and services.
10. The Applicant shall comply with regulations implementing the Drug-Free Workplace Act of 1988, 44CFR Part 17, Subpart F.
11. The Applicant shall comply with all Federal and State statutes and regulations relating to non-discrimination.
12. The Applicant shall comply with provisions of the Hatch Act limiting political activities of public employees and 44CFR Part 18, New Restrictions on Lobbying.
13. The Applicant shall comply, as applicable, with provisions of the Davis-Bacon Act relating to labor standards.
14. The Applicant shall not enter into any contracts or purchase merchandise from any party or vendor which is disbarred or suspended from participating in Federal assistance programs.

CITY OF CLINTON
2010 STATE HOMELAND SECURITY GRANT PROGRAM
PROPOSAL
JURISDICTION OVERVIEW

The City of Clinton's investment proposal covers approximately forty-nine square miles of urban and rural lands bordering the Capital City of Jackson, all of which fall within the West Central Mississippi area. The City of Clinton supports such transportation corridors as Interstate 20 and an East-West Railroad Track System supporting a variety of commodities and hazardous materials transported through the populated area daily. The city currently maintains a population of approximately thirty thousand citizens.

Collaboration with area jurisdictions, State and Federal Law Enforcement, Regional Emergency Operations and many other local jurisdictions throughout the state currently have been established. The City of Clinton maintains personnel with the Southwest One Regional Response Team, participating in work sessions, training and planning for response to acts of domestic terrorism and natural disasters. The Regional Response Team headed up by the Hinds County Mississippi Emergency Operations, opens a collaborative relationship with numerous local municipalities and county governments. Training with the Military Civil Support Team has been conducted and a working relationship established for future training exercises to include a multi-discipline response exercise. The City of Clinton's Bomb Squad meets with and trains on a regular basis with federal agencies as well as the three other Bomb Squads within the state. The city will continue to work with and engage local businesses and area church's and charity groups to maintain a working relationship so that their assistance will be better directed during times of crisis or disaster.

The City of Clinton faces the following hazards and areas of weakness. Response to Chemical spills, accidental and non-accidental with equipment and

personnel trained to quickly identify and assess the situation on a limited scale. Currently the city is capable of containment, evacuation, clean up and recovery efforts on a small scale. Response to acts of a Biological nature, identification equipment, and assessment / evacuate on a small scale. Additional training and education in this area are needed. Additional identification education and training are needed in regards to Radiological incidents. Response to pre-Nuclear incidents (dirty bombs, IED's, etc), with an equipped Bomb Disposal Unit and Hazmat Team at current, need additional equipment in this area to sustain a prolonged response. Additional training and collaboration with State and Federal resources to establish a base response protocol would be beneficial in this area. Additional Certified Bomb Technicians and equipment are needed to provide a more efficient response and allow the current bomb team the ability to handle multiple calls for service at the same time without compromising the Technicians or the Publics Safety.

The City of Clinton Police Department has primary responsibility for matters regarding Homeland Security. Officials for each discipline maintain a flow of information through electronic and voice communications with Local, State, and Federal Officials on a regular basis. Representatives from each discipline meet on a regular basis to evaluate training and equipment needs within the city. Police and Fire Officials continue to train and respond with surrounding jurisdictions when called upon to do so. The City of Clinton maintains a collaborative partnership between and among a diverse set of security partners, including Federal Government, State, and Local Government's; the private sector, and non-governmental organizations, for sharing information and implementing protection programs and training. The City of Clinton currently participates and is a member of the South-West One Regional Response Team, with Police personnel to include a Bomb Disposal Team and members of the Tactical Unit; Fire personnel to include numerous Hazardous Materials Technicians, Firefighters, EMS personnel as well as supporting logistical personnel. The Clinton Police Department's Bomb Disposal Team routinely assists neighboring and statewide jurisdictions in regards to explosive related calls for service and

disposal of found ordnance. The Bomb Disposal Team maintains contact with State and Federal Agencies and liaisons with each in regards to training and response. Grand Gulf Nuclear Station, located in Port Gibson, Mississippi, falls within the response area for Clinton's Bomb Disposal Team. A comprehensive review was conducted March of 2006 to establish current response capabilities and set goals for equipment and training to strengthen response capabilities.

Police, Fire and Public Works make up the stakeholders with regards to responding to and recovering from terrorist related, accidental and natural disaster incidents. Representatives from each discipline provided the necessary input through work sessions and informal meetings throughout the year to compile the City of Clinton's report/proposal. Each discipline within the city maintains a good working relationship and collaborative effort in working toward a common goal, to further educate, train, and better equip first responders and the community in an effort to reduce the vulnerability to acts of terrorism, while continuing to support the State of Mississippi and National Response Plans.

CONTRACT

This contract entered into this day by and between THE CITY OF CLINTON, MISSISSIPPI (hereinafter referred to as "City"), and DIANTHA STAFFORD (hereinafter referred to as "Instructor").

City hereby retains the services of the Instructor to teach QUILT MAKING WORKSHOP for a term of six weeks, such term commencing on March 9, 2010, and ending on April 13, 2010. Classes will be taught one evening per week for two hours.

Compensation for the Instructor shall be at the rate of \$25 per hour for classes for a total of \$300 for the four week term. Payment to the Instructor will be made at the end of the four week term. Parties agree that the minimum number of ten students is required for the performances of this contract.

Instructor may hire additional instructors or assistants, but no additional compensation will be paid by the City.

It is understood and agreed by the parties that the Instructor is employed as an independent contractor by the City of Clinton and is not an employee of the City of Clinton and that compensation herein is on a per hour basis for the professional services of the Instructor.

As additional consideration for this contract, Instructor agrees to abide by the City of Clinton and Parks and Recreation Department policies, rules, and safety requirements. Instructor further agrees to hold harmless the City of Clinton from any claims for damages or injuries resulting from said instruction.

DATED, this the 6th day of April, 2010.

CONTRACT

Declaration of Stormwater Facility Maintenance Covenant

IN CONSIDERATION OF the City of Clinton ("City") approval for (name of project) relating to real property legally described on Exhibit "A", which is attached hereto and incorporated by this reference, the undersigned Grantor(s) declares that the above-described property is subject to a privately maintained stormwater drainage, detention, and/or stormwater treatment system (the, "Stormwater Facilities"), and also covenants and agrees as follows:

DUTIES OF GRANTOR(S):

1. Grantor(s) shall regularly inspect and maintain/repair the private Stormwater facilities on the said-described property in accordance with the standards specified in the City's approved design.
2. Grantor(s) shall inspect the Stormwater Facilities as often as conditions require, but in any event at least once a year. Grantor(s) shall, within four (4) weeks after each inspection maintain/repair the Stormwater Facilities as required to bring it back into conformance with the City's approved design.
3. Grantor(s) shall inspect each element of the Stormwater Facilities whenever the City's Community Development Director, in his/her sole discretion, determines that unacceptable conditions exist within or adjoining to the Stormwater Facilities. Similarly, the Director, in his/her sole discretion, may require Grantor(s) to complete the maintenance/repair of the Stormwater Facilities within a shorter time period than allowed in Section 2 above.
4. Grantor(s), in effecting this maintenance/repair, shall restore the Stormwater Facilities to like new condition, or if that is not practical, to an acceptable condition that is consistent with the City's approved design.
5. Grantor(s) is hereby require to obtain written approval from the Director prior to grading, filling, piping, cutting or removing vegetation (except for routine and minor landscape maintenance) in open vegetated drainage facilities (such as biofiltration swales, channels, ditches, ponds, etc.) or performing any alterations or modifications to the Stormwater Facilities. Grantor(s) shall obtain all necessary permits and provide all required land surveys as required by the City's Community Development Director.
6. Grantor(s) shall assume all responsibility for the implementation and cost of any maintenance and/or repairs to the Stormwater Facilities.

RIGHTS OF THE CITY:

1. The City shall have ingress and egress rights to the said-described property for inspection and monitoring of the Stormwater Facilities in order to determine performance, operational flows or defects in the Stormwater Facilities.

2. If the City determines that, the Stormwater Facilities require maintenance and/or repair work, the Director shall deliver written notice to the Grantor specifically describing the required maintenance and/or repair. The notice shall also set a reasonable time in which Grantor must complete the described work. The notice shall also state that the City or its authorized agent may perform the authorized maintenance and/or repair if the Grantor(s) fails to complete the maintenance and/or repair within the time allowed.
3. If the Grantor(s) does not complete the required maintenance and/or repair within the time allowed as set forth in the Director's notice, the City or its authorized agent will not commence the maintenance and/or repair work described in the Director's notice until at least seven (7) calendar days after the expiration of the time allotted to Grantor to make the maintenance and/or repair. However, if the Director determines, at his or her sole discretion, that an imminent danger exists, the City's obligation to provide written notice shall be deemed waived, and the City or its authorized agent may immediately begin the required maintenance and/or repair-work.
4. If the City or its authorized agent performs the required maintenance and/or repairs to the Stormwater Facilities, Grantor(s) shall reimburse the City all its costs incurred in completing the maintenance and/or repairs within thirty (30) calendar days of Grantor's receipt of the City's invoice for that work. Overdue payments shall accrue interest at the rate of twelve percent (12%) per annum.
5. If the Director determines, in his/her sole discretion, that the Stormwater Facilities, if originally constructed in accordance with the City's approved design, need further modifications, Grantor(s) authorizes the City to enter the Stormwater Facilities property in order to made these modifications.

Any notice or consent required to be given or otherwise provided for by the provisions of this agreement shall be effective either upon personal delivery or three (3) calendar days after mailing by Certified Mail, return receipt requested.

This Covenant is intended to protect the value of desirability of the property described above, including the larger parcel(s), if any, benefited by the Stormwater Facilities. Further, this Covenant shall inure to the benefit of all the citizens of the City shall bind Grantor(s), and its heirs, successors and assigns.

AN ORDINANCE BY THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF CLINTON, MISSISSIPPI, TO AMEND THE CITY OF CLINTON SUBDIVISION REGULATIONS BY ADDING ARTICLE VIII TO REGULATE THE DISCHARGE OF NON-STORM WATER TO THE STORM DRAINAGE SYSTEM AS REQUIRED BY FEDERAL AND STATE LAW, TO ESTABLISH METHODS OF CONTROLLING THE INTRODUCTION OF POLLUTANTS, PROVIDING PENALTIES FOR VIOLATIONS AND FOR RELATED MATTERS

This matter came before the Mayor and Board of Aldermen to amend the Subdivisions Regulations by adding Article VIII Illicit Discharge as follows: BE IT ORDAINED BY THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF CLINTON, MISSISSIPPI, THAT THE SUBDISION REGULATIONS BE, AND HEREBY ARE, AMENDED BY ADDING ARTICLE VIII AS FOLLOWS:

ARTICLE VIII ILLICIT DISCHARGE

SECTION 1. PURPOSE/INTENT.

The purpose of this ordinance is to provide for the health, safety, and general welfare of the citizens of the City of Clinton, Mississippi, through the regulation of non-storm water discharges to the storm drainage system to the maximum extent practicable as required by federal and state law. This ordinance establishes methods for controlling the introduction of pollutants into the municipal separate storm sewer system (MS4) in order to comply with requirements of the National Pollutant Discharge Elimination System (NPDES) permit process. The objectives of this ordinance are:

- (1) To regulate the contribution of pollutants to the municipal separate storm sewer system (MS4) by storm water discharges by any user
- (2) To prohibit Illicit Connections and Discharges to the municipal separate storm sewer system
- (3) To establish legal authority to carry out all inspection, surveillance and monitoring procedures necessary to ensure compliance with this ordinance

SECTION 2. DEFINITIONS.

For the purposes of this ordinance, the following shall mean:

Authorized Enforcement Agency: employees or designees of the Storm Water Management Administrator (hereafter sometimes referred to as "Administrator") designated to enforce this ordinance.

Best Management Practices (BMPs): schedules of activities, prohibitions of practices, general good house keeping practices, pollution prevention and educational practices, maintenance procedures, and other management practices to prevent or reduce the discharge of pollutants directly or indirectly to storm water, receiving waters, or storm water conveyance systems. BMPs also include treatment practices, operating procedures, and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from raw materials storage.

Clean Water Act. The federal Water Pollution Control Act, 33 U.S.C. §1251 et seq., and any subsequent amendments thereto.

Construction Activity. Activities subject to NPDES Construction Permits. These include construction projects resulting in land disturbance of 5 acres or more. Such activities include but are not limited to clearing and grubbing, grading, excavating, and demolition.

Hazardous Materials. Any material, including any substance, waste, or combination thereof, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause, or significantly contribute to, a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.

Illegal Discharge. Any direct or indirect non-storm water discharge to the storm drain system, except as exempted in Section 7 of this ordinance.

Illicit Connections. An illicit connection is defined as the following:

Any drain or conveyance, whether on the surface or subsurface, which allows an illegal discharge to enter the storm drain system including but not limited to any conveyances which allow any non-storm water discharge including sewage, process wastewater, and wash water to enter the storm drain system and any connections to the storm drain system from indoor drains and sinks, regardless of whether said drain or connection had been previously allowed, permitted, or approved by an authorized enforcement agency or,

Any drain or conveyance connected from a commercial or industrial land use to the storm drain system which has not been documented in plans, maps, or equivalent records and approved by an authorized enforcement agency.

Industrial Activity. Activities subject to NPDES Industrial Permits as defined in 40 CFR, Section 122.26 (b)(14).

National Pollutant Discharge Elimination System (NPDES) Storm Water Discharge Permit. means a permit issued by EPA [or by a State under authority delegated pursuant to 33 U.S.C. §1342(b)] that authorizes the discharge of pollutants to waters of the United States, whether the permit is applicable to an individual, group, or general area-wide basis.

Non-Storm Water Discharge. Any discharge to the storm drain system that is not composed entirely of storm water.

Person. Means any individual, association, organization, partnership, firm, corporation or other entity recognized by law and acting as either the owner or as the owner's agent.

Pollutant. Anything which causes or contributes to pollution. Pollutants may include, but are not limited to: paints, varnishes, and solvents; oil and other automotive fluids; non-hazardous liquid and solid wastes and yard wastes; refuse, rubbish, garbage, litter, or other discarded or abandoned objects, ordinances, and accumulations, so that same may cause or contribute to pollution; floatables; pesticides, herbicides, and fertilizers; hazardous substances and wastes; sewage, fecal coliform and pathogens; dissolved and particulate metals; animal wastes; wastes and residues that result from constructing a building or structure; and noxious or offensive matter of any kind.

Premises. Any building, lot, parcel of land, or portion of land whether improved or unimproved including adjacent sidewalks and parking strips.

Storm Drainage System. Publicly-owned facilities by which storm water is collected and/or conveyed, including but not limited to any roads with drainage systems, municipal streets, gutters, curbs, inlets, piped storm drains, pumping facilities, retention and detention basins, natural and human-made or altered drainage channels, reservoirs, and other drainage structures.

Storm Water. Any surface flow, runoff, and drainage consisting entirely of water from any form of natural precipitation, and resulting from such precipitation.

Storm water Pollution Prevention Plan: A document which describes the Best Management Practices and activities to be implemented by a person or business to identify sources of pollution or contamination at a site and the actions to eliminate or reduce pollutant discharges to Storm water, Storm water Conveyance Systems, and/or Receiving Waters to the Maximum Extent Practicable.

Wastewater means any water or other liquid, other than uncontaminated storm water, discharged from a facility.

SECTION 3. APPLICABILITY.

This ordinance shall apply to all water entering the storm drain system generated on any developed and undeveloped lands unless explicitly exempted by an authorized enforcement agency.

SECTION 4. RESPONSIBILITY FOR ADMINISTRATION.

The Storm Water Management Plan Administrator shall administer, implement, and enforce the provisions of this ordinance. Any powers granted or duties imposed upon the

Administrator may be delegated in writing by the Administrator to persons or entities acting in the beneficial interest of or in the employ of the City of Clinton. Unless otherwise designated by the Mayor and Board of Aldermen of the City of Clinton, the City Engineer shall be considered the Storm Water Management Plan Administrator.

SECTION 5. SEVERABILITY.

The provisions of this ordinance are hereby declared to be severable. If any provision, clause, sentence, or paragraph of this Ordinance or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this Ordinance.

SECTION 6. ULTIMATE RESPONSIBILITY.

The standards set forth herein and promulgated pursuant to this ordinance are minimum standards; therefore this ordinance does not intend nor imply that compliance by any person will ensure that there will be no contamination, pollution, nor unauthorized discharge of pollutants.

SECTION 7. DISCHARGE PROHIBITIONS.

Prohibition of Illegal Discharges.

No person shall discharge or cause to be discharged into the municipal storm drain system or watercourses any materials, including but not limited to pollutants or waters containing any pollutants that cause or contribute to a violation of applicable water quality standards, other than storm water.

The commencement, conduct or continuance of any illegal discharge to the storm drain system is prohibited except as described as follows:

- (a) The following discharges are exempt from discharge prohibitions established by this ordinance: water line flushing or other potable water sources, landscape irrigation or lawn watering, diverted stream flows, rising ground water, ground water infiltration to storm drains, uncontaminated pumped ground water, foundation or footing drains (not including active groundwater dewatering systems), crawl space pumps, air conditioning condensation, springs, non-commercial washing of vehicles, natural riparian habitat or wet-land flows, swimming pools (if dechlorinated - typically less than one PPM chlorine), fire fighting activities, and any other water source not containing Pollutants.
- (b) Discharges specified in writing by the authorized enforcement agency as being necessary to protect public health and safety.

(c) Dye testing is an allowable discharge, but requires a verbal notification to the authorized enforcement agency prior to the time of the test.

(d) The prohibition shall not apply to any non-storm water discharge permitted under an NPDES permit, waiver, or waste discharge order issued to the discharger and administered under the authority of the Federal Environmental Protection Agency, provided that the discharger is in full compliance with all requirements of the permit, waiver, or order and other applicable laws and regulations, and provided that written approval has been granted for any discharge to the storm drain system.

Prohibition of Illicit Connections.

(a) The construction, use, maintenance or continued existence of illicit connections to the storm drain system is prohibited.

(b) This prohibition expressly includes, without limitation, illicit connections made in the past, regardless of whether the connection was permissible under law or practices applicable or prevailing at the time of connection.

(c) A person is considered to be in violation of this ordinance if the person connects a line conveying sewage to the MS4, or allows such a connection to continue.

SECTION 8. SUSPENSION OF MS4 ACCESS.

Suspension due to Illicit Discharges in Emergency Situations

The Storm Water Management Plan Administrator may, without prior notice, suspend MS4 discharge access to a person when such suspension is necessary to stop an actual or threatened discharge which presents or may present imminent and substantial danger to the environment, or to the health or welfare of persons, or to the MS4 or Waters of the United States. If the violator fails to comply with a suspension order issued in an emergency, the authorized enforcement agency may take such steps as deemed necessary to prevent or minimize damage to the MS4 or Waters of the United States, or to minimize danger to persons.

Suspension due to the Detection of Illicit Discharge

Any person discharging to the MS4 in violation of this ordinance may have their MS4 access terminated if such termination would abate or reduce an illicit discharge. The authorized enforcement agency will notify a violator of the proposed termination of its MS4 access. The violator may petition the authorized enforcement agency for a reconsideration and hearing.

A person commits an offense if the person reinstates MS4 access to premises terminated pursuant to this Section, without the prior approval of the authorized enforcement agency.

SECTION 9. INDUSTRIAL OR CONSTRUCTION ACTIVITY DISCHARGES.

Any person subject to an industrial or construction activity NPDES storm water discharge permit shall comply with all provisions of such permit. Proof of compliance with said permit may be required in a form acceptable to the Storm Water Management Plan Administrator prior to the allowing of discharges to the MS4.

SECTION 10. MONITORING OF DISCHARGES

A. Applicability.

This section applies to all facilities that have storm water discharges associated with industrial activity, including construction activity.

B. Access to Facilities.

(a) The Storm Water Management Plan Administrator shall be permitted to enter and inspect facilities subject to regulation under this ordinance as often as may be necessary to determine compliance with this ordinance. If a discharger has security measures in force which require proper identification and clearance before entry into its premises, the discharger shall make the necessary arrangements to allow access to representatives of the Administrator.

(b) Facility operators shall allow the Storm Water Management Plan Administrator ready access to all parts of the premises for the purposes of inspection, sampling, examination and copying of records that must be kept under the conditions of an NPDES permit to discharge storm water, and the performance of any additional duties as defined by state and federal law.

(c) The Storm Water Management Plan Administrator shall have the right to set up on any permitted facility such devices as are necessary in the opinion of the authorized enforcement agency to conduct monitoring and/or sampling of the facility's storm water discharge.

(d) The Storm Water Management Plan Administrator has the right to require the discharger to install monitoring equipment as necessary. The facility's sampling and monitoring equipment shall be maintained at all times in a safe and proper operating condition by the discharger at its own expense. All devices used to measure storm water flow and quality shall be calibrated to ensure their accuracy.

(e) Any temporary or permanent obstruction to safe and easy access to the facility to be inspected and/or sampled shall be promptly removed by the operator at the written or oral request of the Storm Water Management Plan Administrator and shall not be replaced. The costs of clearing such access shall be borne by the operator.

(f) Unreasonable delays in allowing the Storm Water Management Plan Administrator access to a permitted facility is a violation of a storm water discharge permit and of this ordinance. A person who is the operator of a facility with a NPDES permit to discharge storm water associated with industrial activity commits an offense if the person denies the authorized enforcement agency reasonable access to the permitted facility for the purpose of conducting any activity authorized or required by this ordinance.

(g) If the Storm Water Management Plan Administrator has been refused access to any part of the premises from which storm water is discharged, and he/she is able to demonstrate probable cause to believe that there may be a violation of this ordinance, or that there is a need to inspect and/or sample as part of a routine inspection and sampling program designed to verify compliance with this ordinance or any order issued hereunder, or to protect the overall public health, safety, and welfare of the community, then the authorized enforcement agency may seek issuance of a search warrant from any court of competent jurisdiction.

SECTION 11. REQUIREMENT TO PREVENT, CONTROL, AND REDUCE STORM WATER POLLUTANTS BY THE USE OF BEST MANAGEMENT PRACTICES.

Storm Water Management Plan Administrator will adopt requirements identifying Best Management Practices for any activity, operation, or facility which may cause or contribute to pollution or contamination of storm water, the storm drain system, or waters of the U.S. The owner or operator of a commercial or industrial establishment shall provide, at their own expense, reasonable protection from accidental discharge of prohibited materials or other wastes into the municipal storm drain system or watercourses through the use of these structural and non-structural BMPs. Further, any person responsible for a property or premise, which is, or may be, the source of an illicit discharge, may be required to implement, at said person's expense, additional structural and non-structural BMPs to prevent the further discharge of pollutants to the municipal separate storm sewer system. Compliance with all terms and conditions of a valid NPDES permit authorizing the discharge of storm water associated with industrial activity, to the extent practicable, shall be deemed compliance with the provisions of this section. These BMPs shall be part of a storm water pollution prevention plan (SWPP) as necessary for compliance with requirements of the NPDES permit.

SECTION 12. WATERCOURSE PROTECTION.

Every person owning property through which a watercourse passes, or such person's lessee, shall keep and maintain that part of the watercourse within the property free of trash, debris, excessive vegetation, and other obstacles that would pollute, contaminate,

or significantly retard the flow of water through the watercourse. In addition, the owner or lessee shall maintain existing privately owned structures within or adjacent to a watercourse, so that such structures will not become a hazard to the use, function, or physical integrity of the watercourse.

SECTION 13. NOTIFICATION OF SPILLS.

Notwithstanding other requirements of law, as soon as any person responsible for a facility or operation, or responsible for emergency response for a facility or operation has information of any known or suspected release of materials which are resulting or may result in illegal discharges or pollutants discharging into storm water, the storm drain system, or water of the U.S. said person shall take all necessary steps to ensure the discovery, containment, and cleanup of such release. In the event of such a release of hazardous materials said person shall immediately notify emergency response agencies of the occurrence via emergency dispatch services. In the event of a release of non-hazardous materials, said person shall notify the authorized enforcement agency in person or by phone or facsimile no later than the next business day. Notifications in person or by phone shall be confirmed by written notice addressed and mailed to the Storm Water Management Plan Administrator within three business days of the phone notice. If the discharge of prohibited materials emanates from a commercial or industrial establishment, the owner or operator of such establishment shall also retain an on-site written record of the discharge and the actions taken to prevent its recurrence. Such records shall be retained for at least three years.

During normal business hours, notification may be given at Clinton City Hall, office of the City Engineer, 300 Jefferson Street, Clinton, Mississippi 39056. Telephone: (601)924-5462. At all other times, notice shall be given at the Clinton Police Department, 305 Monroe Street, Clinton, Mississippi 39056. Telephone: (601)924-5252.

SECTION 14. ENFORCEMENT.

A. Notice of Violation.

Whenever the Storm Water Management Plan Administrator finds that a person has violated a prohibition or failed to meet a requirement of this Ordinance, the Administrator may order compliance by written notice of violation to the responsible person. Such notice may require without limitation:

- (a) The performance of monitoring, analyses, and reporting;
- (b) The elimination of illicit connections or discharges;
- (c) That violating discharges, practices, or operations shall cease and desist;
- (d) The abatement or remediation of storm water pollution or contamination hazards and the restoration of any affected property; and

- (e) Payment of a fine to cover administrative and remediation costs; and
- (f) The implementation of source control or treatment BMPs.

If abatement of a violation and/or restoration of affected property is required, the notice shall set forth a deadline within which such remediation or restoration must be completed. Said notice shall further advise that, should the violator fail to remediate or restore within the established deadline, the work will be done by a designated governmental agency or a contractor and the expense thereof shall be charged to the violator.

SECTION 15. APPEAL OF NOTICE OF VIOLATION

Any person receiving a Notice of Violation may appeal the determination of the Administrator. Such appeals may be made directly to the Mayor and Board of Aldermen. The party aggrieved shall submit a written request to the City Clerk by 12:00 Noon on Wednesday preceding any regularly-scheduled meeting of the Mayor and Board of Aldermen at which the aggrieved party desires to be heard.

All appeals shall be in writing and shall include a copy of the original Notice of Violation together with a statement of the reason for the appeal and the basis for appeal. Written notice of an appeal must be delivered to the City Clerk within 10 days of the Notice of Violation.

SECTION 16. ENFORCEMENT MEASURES AFTER APPEAL

If the violation has not been corrected pursuant to the requirements set forth in the Notice of Violation, or, in the event of an appeal, within 10 days of the decision of the municipal authority upholding the decision of the Administrator, then representatives of the authorized enforcement agency shall enter upon the subject private property and are authorized to take any and all measures necessary to abate the violation and/or restore the property. It shall be unlawful for any person, owner, agent or person in possession of any premises to refuse to allow the government agency or designated contractor to enter upon the premises for the purposes set forth above.

SECTION 17. COST OF ABATEMENT OF THE VIOLATION

Within days after abatement of the violation, the owner of the property will be notified of the cost of abatement, including administrative costs. The property owner may file a written protest objecting to the amount of the assessment within days. If the amount due is not paid within a timely manner as determined by the decision of the municipal authority or by the expiration of the time in which to file an appeal, the charges shall become a special assessment against the property and shall constitute a lien on the property for the amount of the assessment.

Any person violating any of the provisions of this article shall become liable to the city by reason of such violation. The liability shall be paid in not more than 12 equal payments. Interest at the rate of 6 percent per annum shall be assessed on the balance beginning on the 30th day following discovery of the violation.

SECTION 18. INJUNCTIVE RELIEF

It shall be unlawful for any person to violate any provision or fail to comply with any of the requirements of this Ordinance. If a person has violated or continues to violate the provisions of this ordinance, the Administrator may petition for a preliminary or permanent injunction restraining the person from activities which would create further violations or compelling the person to perform abatement or remediation of the violation.

SECTION 19. COMPENSATORY ACTION

In lieu of enforcement proceedings, penalties, and remedies authorized by this Ordinance, the Administrator may impose upon a violator alternative compensatory actions, such as storm drain stenciling, attendance at compliance workshops, creek cleanup, etc.

SECTION 20. VIOLATIONS DEEMED A PUBLIC NUISANCE

In addition to the enforcement processes and penalties provided, any condition caused or permitted to exist in violation of any of the provisions of this Ordinance is a threat to public health, safety, and welfare, and is declared and deemed a nuisance, and may be summarily abated or restored at the violator's expense, and/or a civil action to abate, enjoin, or otherwise compel the cessation of such nuisance may be taken.

SECTION 21. CRIMINAL PROSECUTION

Any person that has violated or continues to violate this ordinance shall be liable to criminal prosecution to the fullest extent of the law, and shall be subject to a criminal penalty of \$500 dollars per violation per day and/or imprisonment for a period of time not to exceed 180 days.

The Administrator may recover all attorney's fees, court costs and other expenses associated with enforcement of this ordinance, including sampling and monitoring expenses.

SECTION 22. REMEDIES NOT EXCLUSIVE

The remedies listed in this ordinance are not exclusive of any other remedies available under any applicable federal, state or local law and it is within the discretion of the authorized enforcement agency to seek cumulative remedies.

SECTION 23. ADOPTION OF ORDINANCE

This ordinance shall be in full force and effect 30 days after its final passage and adoption. All prior ordinances and parts of ordinances in conflict with this ordinance are hereby repealed.

This Ordinance shall become effective 30 days from and after its adoption.

ORDAINED, ADOPTED AND APPROVED BY THE MAYOR AND BOARD
OF ALDERMEN OF THE CITY OF CLINTON, MISSISSIPPI, at a meeting thereof
held on the 6th day of APRIL, 2010.

A Motion for adoption was made by ^{ALDERWOMAN} ~~Alderman~~ PEACE and seconded by
Alderman GREER and the foregoing Ordinance having been first reduced to
writing, and no request being made by the Mayor or any member of the Board of
Aldermen that the Ordinance be read by the City Clerk, before any vote was taken, it was
submitted to the Board of Aldermen for the passage or rejection on roll call vote upon the
vote being as follows, to-wit:

Alderman Brabham:	<u>AYE</u>
Alderman Hisaw:	<u>AYE</u>
Alderman Greer:	<u>AYE</u>
Alderman Barnett:	<u>AYE</u>
Alderwoman Peace:	<u>AYE</u>
Alderman Morgan:	<u>AYE</u>
Alderman Cashion:	<u>AYE</u>

Whereupon the Mayor declared the Motion carried and the Ordinance approved
and adopted.

The foregoing Ordinance was approved this the 6th day of APRIL, 2010.
