

ADJOURNED MEETING OF THE MAYOR AND BOARD OF ALDERMEN
TUESDAY, JULY 17, 1990 - 7 P.M.
A. E. WOOD MEMORIAL LIBRARY

The Mayor and Board of Aldermen of the City of Clinton met in Adjourned Meeting at 7 P.M., at the A. E. Wood Memorial Library, 111 Clinton Boulevard, pursuant to a Recess Order adopted by said Mayor and Board of Aldermen at their Regular Meeting of July 3, 1990, as found on Page 5 of this Minute Book U.

INVOCATION AND PLEDGE OF ALLEGIANCE TO THE FLAG

The Invocation was led by Deacon Richard White of Wyndale Baptist Church followed by the Pledge of Allegiance to the Flag led by Boy Scout Troop 345 sponsored by Morrison Heights Baptist Church.

ROLL CALL - Acting City Clerk Christine Walls

Present - Willard Ryan - Alderman-at-Large
O. C. George Ferrell - Alderman Ward 1
Edward Valente - Alderman Ward 2
Ronnie Chappell - Alderman Ward 3
Keith Montgomery - Alderman Ward 4
Jean Johnson - Alderman Ward 5
Sharbert Lott - Alderman Ward 6
City Attorney William E. Spell
Mayor Billy Ray Smith - Presiding

PUBLIC HEARING - COMMUNITY DEVELOPMENT BLOCK GRANT

As shown by Proof of Publication found on Page 64 of this Minute Book U that a public hearing would be held to obtain citizen input into the development of the application for a Small Cities Community Development Block Grant of up to \$500,000.00, Mayor Smith declared said public hearing open. Following a brief presentation by Bruce Reynolds, CMPDD, regarding said grant application in which he is exploring the possibility of fire sirens or water/sewer assistance in a low to moderate income level area of Clinton, with said grant application being due in August, 1990; Mr. Reynolds also apprised the Board of a one-year only 50/50 match Planning Grant that the City is eligible for assistance with planning for revitalization of the Brick Streets area and Northwest Clinton with said application due at the end of July, 1990. Following comments by George Ewing representing the Brick Streets Revitalization Committee, Mayor Smith called for public comments and receiving none declared said public hearing closed at 7:20 P.M. A list of those persons present for said public hearing may be found on Page 65 of this Minute Book U.

MOTION made by Alderman Valente and SECONDED by Alderman Johnson to go on record expressing this Board's intent to go into the next Budget authorizing \$5,000.00 as matching money toward a \$10,000.00 grant application to CDBG for planning purposes revitalization brick streets area in Clinton, MS. MOTION CARRIED UNANIMOUSLY.

MOTION made by Alderman Ferrell and SECONDED by Alderman Ryan to

declare this Board's intent to apply for the CDBG public facility as outlined above. MOTION CARRIED UNANIMOUSLY.

LEGISLATURE REPORTS GIVEN BY WHITE AND SINGLETARY

Senator Richard White and Representative Bill Singletary apprised the Mayor and Board of Aldermen of the legislative actions taken in the last session that would directly effect and/or benefit the citizens of Clinton. NO BOARD ACTION taken.

APPROVAL OF CONSENT AGENDA ITEMS A-K:

- A. \$25.00 filing fee to Secretary of State Office for application for notary public for Christine Walls (Adm.)
- B. 1/2 Page Ad for Hinds Community College Scholarship Program (James Robinson, Football and Irving Williams, Basketball) - Cost: \$100.00 (Adm.)
- C. \$783.52 to Williams Plumbing Service for restroom repair in new courthouse (Police)
- D. Detective Wayne Brown and Officer Randy Ruffin to Interview & Interrogation for Drug Enforcement Seminar in Corinth, MS, Aug. 13-17, 1990 - total cost \$200.00 (Police)
- E. Purchase airline ticket for Jimmy Carver to attend National Fire Academy course (to be fully reimbursed by Federal government) - Appx. cost: \$384.00 (Fire)
- F. \$725.25 to Montedoro-Whitney for repair of flow monitor (Public Works)
- G. \$733.50 to Central Pipe Supply Co. for 6 Techno Check valve for blowers at the Briars Treatment Plant (Sole Source Item) (Public Works)
- H. \$1,040.91 to Winter Electric, Inc. for installation of an alarm system for the sewage lift station (Public Works)
- I. \$734.40 to Faulkner Concrete Pipe for 24' of culvert to replace under-sized one on Dawson/Neal Street (Public Works)
- J. \$997.75 to Montedoro-Whitney for repair of flow monitor (Public Works)
- K. Full Page Ad for Clinton Touchdown Club Football Program - \$200.00

Due to some question as to who authorized Consent Agenda Item C above and which department will be responsible for payment of said bill, said item was pulled from the Consent Agenda until later in the meeting when authorization could be verified. MOTION made by Alderman Ferrell and SECONDED by Alderman Chappell to approve Consent Agenda Items A-K as listed above with the exception of Item C. Following verification of authorization for charges as listed in Item C above, MOTION made by Alderman Johnson and SECONDED by Alderman Valente for Mayor Smith to get with the appropriate department heads and pay said bill. MOTION CARRIED UNANIMOUSLY.

DESIGNATION OF GRAND GULF REFUND AND SURPLUS FUNDS FOR CONSTRUCTION OF POLICE/COURTROOM FACILITY

MOTION made by Alderman Lott and SECONDED by Alderman Johnson to express this Board's intent to set aside the \$547,000.00 plus Grand Gulf Refund and an additional \$300,000.00 General Fund Surplus Funds to be used

in the next Budget for construction of a new police/courtroom facility. ROLL CALL VOTE: Alderman Ryan - "aye", Alderman Ferrell - "aye", Alderman Valente - "aye", Alderman Chappell - "aye", Alderman Montgomery - "nay", Alderman Johnson - "aye", Alderman Lott - "aye". MOTION CARRIED 6-1. It was noted that Alderman Montgomery stated that he was against using cash for a capitol improvement item and jeopardizing any of the three upcoming major projects (Parks & Recreation Expansion, North-South Corridor, and the Police/Courtroom Facility) when the police/courtroom facility could be lease purchased and the Grand Gulf Refund and Surplus General Funds could be used to partially appease the construction of Traceway Park expansion and/or reduce the cost of the North-South Corridor.

AUTHORITY TO PURCHASE ADVERTISING SPACE CHS BASEBALL

MOTION made by Alderman Ryan and SECONDED by Alderman Chappell to purchase a \$200.00 advertising space in the promotion of the Clinton High School Baseball Team Championship Display to advertise and promote the accomplishments of the Clinton School and for economic development opportunities. MOTION CARRIED UNANIMOUSLY.

APPROVAL OF CONTRACT BETWEEN CITY AND ECONOMIC DEVELOPMENT DIRECTOR HACKETT

MOTION made by Alderman Lott and SECONDED by Alderman Johnson to approve that contract as found on Pages 66-67 of this Minute Book U between the City of Clinton and Economic Development Director Bill Hackett. MOTION CARRIED UNANIMOUSLY.

APPROVAL SEWER USE ORDINANCE REGULATING PUBLIC AND PRIVATE SEWERS

MOTION made by Alderman Montgomery and SECONDED by Alderman Ferrell to approve the Ordinance found on Pages 68-83 of this Minute Book U and on Pages 474-489 of the City of Clinton Ordinance Book II regulating the use of public and private sewers and drains, private sewage disposal, the installation and connection of building sewers, and the discharge of water and waste into the public sewer systems and providing penalties for the violations thereof. MOTION CARRIED UNANIMOUSLY. Proofs of Publication may be found on Pages 84 and 490 respectively.

ACCEPTANCE OF 1990-1991 CLINTON PUBLIC SCHOOL BUDGET

MOTION made by Alderman Johnson and SECONDED by Alderman Lott to accept the 1990-1991 Clinton Public School Budget as presented. MOTION CARRIED UNANIMOUSLY. Copy of said School Budget being made a part of these Minutes and may be found on Pages 85-97 of this Minute Book U. 1990-1991 School District Budget Data submitted with said Budget is on file in the Office of the City Clerk.

ADOPTION OF 1990-1991 UNIFORM ASSESSMENT SCHEDULE FOR MOTOR VEHICLE AD VALOREM TAXES

MOTION made by Alderman Montgomery SECONDED by Alderman Chappell to adopt the 1990-1991 Uniform Assessment Schedule for Motor Vehicle Ad Valorem Taxes. MOTION CARRIED UNANIMOUSLY. Said Assessment Schedule is on file in the Office of the City Clerk.

APPROVAL OF APPLICATION FEE FOR OSCAR BANKS CERTIFICATION FOR CLASS D
WATER OPERATOR

MOTION made by Alderman Montgomery and SECONDED by Alderman Ryan to approve \$50.00 to MS State Department of Health for application and fee for certification of Oscar Banks to operate a "Class D" water system. MOTION CARRIED UNANIMOUSLY.

APPROVAL PROMOTIONAL AD IN CLARION LEDGER PARADE OF HOMES TABLOID

MOTION made by Alderman Chappell and SECONDED by Alderman Ryan to purchase a 1/6 Page Ad in the Clarion Ledger Parade of Homes Tabloid at a total cost of \$330.00 with the proof to be approved by Mayor Smith prior to publication. MOTION CARRIED UNANIMOUSLY.

WALLS PLACED ON BEGINNING CITY CLERK PAY SCALE

Upon the recommendation of Mayor Smith, MOTION made by Alderman Lott and SECONDED by Alderman Johnson to place Acting City Clerk Christine Walls on the beginning salary scale as long as she serves in the capacity of Acting City Clerk at \$2,314.48 retroactive to July 3, 1990, with appropriate adjustments being made to her salary. MOTION CARRIED UNANIMOUSLY.

ADJOURNMENT - 8:25 P.M.

MOTION made by Alderman Montgomery and SECONDED by Alderman Chappell to adjourn. MOTION CARRIED UNANIMOUSLY.

**PUBLIC HEARING NOTICE
FOR INITIAL MEETING**

The City of Clinton, Mississippi, is considering applying to the Governor's Office of Federal-State Programs, Department of Community Development for a Small Cities Community Development Block Grant of up to \$500,000. The State of Mississippi has been allocated approximately \$26 million that will be made available to cities and counties on a competitive basis to undertake eligible community development activities. These funds must be used for one of the following purposes:

1. To benefit low and moderate income persons;
2. To aid in the prevention or elimination of slums or blight; or
3. To meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs.

The activities for which these funds may be used are in the areas of housing, public facilities and economic development. More specific details regarding eligible activities, program requirements, and the rating system will be provided at a public hearing which will be held at the Clinton Public Library, on TUESDAY, JULY 17 at 7:00 P.M. The purpose of this hearing will be to obtain citizen input into the development of the application.

INITIAL PUBLIC HEARING NOTICE

**PUBLIC HEARING NOTICE
FOR SECOND MEETING**

The City of Clinton, Mississippi, is going to apply to the Department of Community Development for a Community Development Grant. Based on our initial hearing, these funds will be used for:

Infrastructure Improvements -- Protect health and safety

More specific details regarding eligible activities, program requirements, and the rating system will be provided at a public hearing which will be held at the Clinton Public Library on TUESDAY, JULY 24 at 6:00 p.m. The purpose of this hearing will be to obtain additional citizen input into the final development of the application.

AGREEMENT

WHEREAS, the City of Clinton has embarked upon a program of economic development that includes expanding the economic and tax base of the City, including advertising the economic opportunities available within the City; and

WHEREAS, the City has determined that William Hackett is a person of extensive and valuable experience in this field; and

WHEREAS, it is the desire of the City to obtain the advice, assistance and expertise of William Hackett in advertising and developing the economic opportunities within the City; and

WHEREAS, William Hackett is willing to provide such services to the City;

IT IS, THEREFORE, AGREED as follows:

1. William Hackett will provide to the City of Clinton advice and assistance in economic and community development, including advertising economic opportunities, and will provide a physical presence in the City or elsewhere, as agreed, in activities on the City's behalf, that time to be equivalent to noon on Monday until noon on Thursday of each week from June 15, 1990, to September 30, 1990. As a part of the services provided by William Hackett, he will provide to the Mayor and Board of Aldermen on January 15, 1991, a summary of his findings and recommendations regarding economic development within the City of Clinton.

FOR AND IN CONSIDERATION of the services and the report provided by William Hackett, the City will pay to William Hackett the sum of Twenty-five Thousand Dollars (\$25,000) to be paid as follows:

a. Five Thousand Dollars (\$5000) will be paid upon the execution of this contract for the purpose of defraying expenses of William Hackett.

b. The sum of Six Thousand Dollars (\$6000) will be paid

upon the execution of this contract for services.

c. The sum of Fourteen Thousand Dollars (\$14,000) will be paid on January 15, 1991, upon the submission of the final report by William Hackett to the City of Clinton for services.

2. The services performed by William Hackett will be that of an independant consultant and contractor, and William Hackett shall not be an employee of the City of Clinton.

3. The City of Clinton shall provide to William Hackett suitable office accommodations for his work in Clinton and, when called upon to travel outside the City or to perform tasks that involve expenses not contemplated by the expenses paid under this Agreement, the City shall pay such expenses; provided, however, no expenses for which reimbursement shall be sought shall be incurred by William Hackett unless same has been approved by the City of Clinton prior to the expense being incurred.

THIS AGREEMENT entered into on this the 17th day of July, 1990.

Billy R. Smith
BILLY RAY SMITH, Mayor
City of Clinton, Mississippi

SEWER USE ORDINANCE

AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, PRIVATE SEWAGE DISPOSAL, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, AND THE DISCHARGE OF WATER AND WASTES INTO THE PUBLIC SEWER SYSTEM(S): AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF: IN THE CITY OF CLINTON, COUNTY OF HINDS, STATE OF MISSISSIPPI.

Be it ordained and enacted by the Board of Mayor and Aldermen of the City of Clinton, State of Mississippi, as follows:

ARTICLE I

DEFINITIONS

Unless the context specifically indicates otherwise, the meaning of terms used in this Ordinance shall be as follows:

- Section 1. "BOD" (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of the sample under standard laboratory procedure in 5 days at 20°C, expressed in milliorams per liter.
- Section 2. "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning 5 feet (1.5 meters) outside the outer face of the building wall.
- Section 3. "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal.
- Section 4. "Combined Sewer" shall mean a sewer receiving both surface runoff and sewage. Combined sewers shall not be allowed.
- Section 5. "Garbage" shall mean solid wastes from the domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage, and sale of produce.
- Section 6. "Industrial Wastes" shall mean the liquid wastes from industrial manufacturing processes, trade, or business as distinct from sanitary sewage as defined in 40 CFR 35.905.

- Section 7. "Natural Outlet" shall mean any outlet into a water-course, pond ditch, lake or other body of surface or groundwater.
- Section 8. "Person" shall mean any individual, firm, company, association, society, corporation, or group.
- Section 9. "pH" shall mean the logarithm of the reciprocal of the concentration of hydrogen ions in moles per liter of solution.
- Section 10. "Properly Shredded Garbage" shall mean the wastes from the preparation, cooking, and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than 1/2 inch (1.27 centimeters) in any dimension.
- Section 11. "Public Sewer" shall mean a sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.
- Section 12. "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm, surface, and groundwaters are not intentionally admitted.
- Section 13. "Sewage" shall mean a combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments, together with such ground, surface, and stormwaters as may be present.
- Section 14. "Sewage Treatment Plant" shall mean any arrangement of devices and structures used for treating sewage.
- Section 15. "Sewage Works" shall mean all facilities for collecting, transporting, pumping, treating, and disposing of sewage.
- Section 16. "Sewer" shall mean a pipe or conduit for carrying sewage.
- Section 17. "Shall" is mandatory; "May" is permissive.
- Section 18. "Slug" shall mean any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than 15 minutes more than 5 times the average 24 hour concentration of flows during normal operation.

Section 19. "Storm Drain" (sometimes termed "storm sewer") shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes, other than unpolluted cooling water.

Section 20. "Superintendent" shall mean the Director of Public Works of the City of Clinton or his authorized deputy, agent, or representative.

Section 21. "Suspended Solids" shall mean solids that either float on the surface of, or are in suspension in water, sewage, or other liquids and which are removable by laboratory filtering.

Section 22. "Town" shall mean the City of Clinton, Mississippi, or, when appropriate to the context, its duly authorized representative.

Section 23. "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.

ARTICLE II

USE OF PUBLIC SEWERS REQUIRED

Section 1. It shall be unlawful for any person to place, deposit, or permit to be deposited in any unsanitary manner on public or private property within the City of Clinton, or in any area under the jurisdiction of said Town, any human or animal excrement, garbage or other objectionable waste.

Section 2. It shall be unlawful to discharge to any natural outlet within the City of Clinton, or in any area under the jurisdiction of said Town, any sewage or polluted waters, except where suitable treatment has been provided in accordance with subsequent provisions of this Ordinance.

Section 3. Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool, or other facility intended or used for the disposal of sewage.

Section 4. The owner of all houses, buildings, or properties used for human occupancy, employment, recreation, or other purposes, situated within the Town and abutting on any street, alley, or right-of-way in which there is now located or may in the future be located a public sanitary or combined sewer of the Town, is hereby required at his expense to install suitable toilet

facilities therein, and to connect such facilities directly with the proper public sewer in accordance with the provisions of this ordinance, within 90 days after official notice to do so, provided that said public sewer is within 100 feet (30.5 meters) of the property line. If an on-site pressure system is required for a service connection, the operation and maintenance costs for the facility shall be the responsibility of the owner or user.

- Section 5. It shall be unlawful for any person, establishment or corporation to discharge to the sewer system any pollutant except in compliance with Federal standards promulgated pursuant to the Clean Water Act, and any more stringent State and Local Standards.

ARTICLE III

PRIVATE SEWAGE DISPOSAL

- Section 1. Where a public sanitary or combined sewer is not available under the provisions of Article II, Section 4, the building sewer shall be connected to a private sewage disposal system complying with the provisions of this article.

- Section 2. Before commencement of construction of a private sewage disposal system the owner shall first obtain a written permit signed by the Superintendent. The application for such permit shall be made on a form furnished by the Town, which the applicant shall supplement by any plans, specifications, and other information as are deemed necessary by the Superintendent. A permit and inspection fee of one hundred dollars (\$ 100.00) shall be paid to the Town at the time the application is filed.

- Section 3. A permit for a private sewage disposal system shall not become effective until the installation is completed to the satisfaction of the Superintendent. He shall be allowed to inspect the work at any stage of completion and, in any event, the applicant for the permit shall notify the Superintendent when the work is ready for final inspection, and before any underground portions are covered. The inspection shall be made within 24 hours of the receipt of notice by the Superintendent.

- Section 4. The type, capacities, location, and layout of a private sewage disposal system shall comply with all recommendations of the Department of Public Health of the State of Mississippi. No permit shall be issued

for any private sewage disposal system employing subsurface soil absorption facilities where the area of the lot is less than three acres. No septic tank or cesspool shall be permitted to discharge to any natural outlet.

Section 5. At such time as a public sewer becomes available to a property served by a private sewage disposal system, as provided in Article III, Section 4, a direct connection shall be made to the public sewer in compliance with this ordinance, and any septic tanks, cesspools, and similar private sewage disposal facilities shall be abandoned and filled with suitable material.

Section 6. The owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the Town. If an on-site pressure system is required for use of the public sewer facility, the operation and maintenance costs of the pressure system shall be the responsibility of the owner or user.

Section 7. No statement contained in this article shall be construed to interfere with any additional requirements that may be imposed by the Health Officer.

Section 8. When a public sewer becomes available, the building sewer shall be connected to said sewer within 60 days and the private sewage disposal system shall be cleaned of sludge and shall either be removed or shall be filled with clean bank-run gravel, sand, or dirt.

ARTICLE IV

BUILDING SEWERS AND CONNECTIONS

Section 1. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent.

Section 2. All residential and commercial sewers shall be inspected and approved by the superintendent before connection is made to the sanitary sewer system. The inspection will be covered in the building permit which is obtained from the City of Clinton. The owner or his agent shall make application on a special form furnished by the Town. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the

judgement of the superintendent. The fees which are charged for the building permit are established in the building codes of the City of Clinton.

As a condition for authorization to dispose of industrial wastes through the municipal system, the industrial applicant for a sewer permit shall provide the Town with information describing wastewater constituents and characteristics, and the type of activity and quantity of production.

Section 3. All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the Town from any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.

Section 4. A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.

Section 5. Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Superintendent to meet all requirements of this ordinance.

Section 6. The size, slope, alignment, materials of construction of a building sewer, and the methods to be used in excavating, placing of the pipe, jointing, testing, and backfilling the trench, shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town. In the absence of code provisions or in amplification thereof, the materials and procedures set forth in appropriate specifications of the American Society for Testing and Materials (ASTM) and the Water Pollution Control Federation (WPCF) Manual of Practice No. 9 shall apply.

Section 7. Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be

lifted by an approved means and discharged to the building sewer.

- Section 8. No person shall make connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface run-off or groundwater to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.
- Section 9. The connection of the building sewer into the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town, or the procedures set forth in appropriate specifications of the ASTM and the WPCF Manual of Practice No. 9. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials shall be approved by the Superintendent before installation.
- Section 10. The applicant for the building sewer permit shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer. The connection shall be made under the supervision of the Superintendent or his representative.
- Section 11. All excavations for building sewer installation shall be adequately guarded with barricades and lights so as to prevent the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Town.

ARTICLE V

USE OF THE PUBLIC SEWERS

- Section 1. No person shall discharge or cause to be discharged any stormwater, surface water, groundwater, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer.
- Section 2. Stormwater and all other unpolluted drainage shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged, on approval of the Superintendent, to a storm sewer or natural outlet.

Section 3. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

- (a) Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.
- (b) Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant, including but not limited to cyanides in excess of 0.05 mg/l as CN in the wastes as discharged to the public sewer.
- (c) Any waters or wastes having a pH lower than 6.0, or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
- (d) Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc. either whole or ground by garbage grinders.

Section 4. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream, or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming his opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant,

and other pertinent factors. The substances prohibited are:

- (a) Any liquid or vapor having a temperature higher than 120°F, (49°C).
- (b) Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of 150 mg/l or containing substances which may solidify or become viscous at temperatures between 32 and 150°F, (0 and 65°C).
- (c) Any garbage that has not been properly shredded. The installation and operation of any garbage grinder equipped with a motor of 3/4 horsepower (0.76 hp metric) or greater shall be subject to the review and approval of the Superintendent.
- (d) Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solutions whether neutralized or not.
- (e) Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials. (For Industrial Processes Wastes, see Article V, Section 5.)
- (f) Any waters or wastes containing phenols or other taste or odor-producing substances, in such concentrations exceeding limits which may be established by the Superintendent as necessary, after treatment of the composite sewage, to meet the requirements of the State, Federal, or other public agencies of jurisdiction for such discharge to the receiving waters.
- (g) Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or Federal regulations.

- (h) Any waters or wastes having a pH in excess of 8.5 or below 6.0.
- (i) Materials which exert or cause:
 - (1) Unusual concentrations of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate.)
 - (2) Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).
 - (3) Unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
 - (4) Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.
- (j) Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.
- (k) Any waste prohibited by Environmental Protection Agency standards 40 CFR 403.

Section 5. All industrial and commercial process wastewater shall be pretreated prior to discharge to the public sewers, if necessary, in accordance with the provisions of the United States Environmental Protection Agency, the Bureau of Pollution Control, and/or the Town, whichever is more stringent. The minimum pretreatment requirements are as follows:

<u>Parameter</u>	<u>Maximum Concentration (mg/l)</u>
BOD ₅	300.0*
Suspended Solids (SS)	300.0*
TKN	30.0*

<u>Parameter</u>	<u>Maximum Concentration (mg/l)</u>
Oil or Grease	15.0
Arsenic	A
Barium	A
Boron	A
Cadmium	A
Chromium	A
Copper	A
Cyanide	A
Lead	A
Manganese	A
Mercury	A
Nickel	A
Selenium	A
Silver	A
Zinc	A

*Any non-conventional parameter that is specific to an industrial process that results in a discharge BOD₅, SS and TKN may be increased by written approval of Superintendent for limited periods of time.

- (A) The determination of limits for these parameters shall be based on any applicable EPA categorical industrial guidelines, receiving stream water quality standards/criteria, biological process threshold inhibition levels and sludge quality criteria.

As a condition for authorization to dispose of industrial wastes through the municipal system, the industrial applicant for a sewer permit shall provide the Town with information describing wastewater constituents and characteristics, and the type of activity and quantity of production.

Section 6. If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or possess the characteristics enumerated in Sections 4 and 5 of this Article, and which in the judgment of the Superintendent may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

- (a) Reject the wastes,
- (b) Require pretreatment to an acceptable condition for discharge to the public sewers,

- (c) Require control over the quantities and rates of discharge, and/or
- (d) Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes or sewer charges under the provisions of Section 10 of this article.

If the Superintendent permits the pretreatment or equalization of wastes flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent, and subject to the requirements of all applicable codes, ordinances, and laws.

Section 7. Grease, oil, and sand interceptors shall be provided when, in the opinion of the Superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Superintendent, and shall be located as to be readily and easily accessible for cleaning and inspection.

Section 8. Where preliminary treatment or flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

Section 9. When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with plans approved by the Superintendent. The manhole shall be installed by the owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.

Section 10. All measurements, tests and analyses of the characteristics of waters and wastes to which reference is made in this ordinance shall be determined in accordance with the latest edition of Standard Methods for the Examination of Water and Wastewater published by the American Public Health

Association, Methods for Chemical Analysis of Water and Wastes published by EPA, and 40 CFR 136 and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effluent of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a 24-hour composite of all outfalls of a premise is appropriate or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from 24-hour composites of all outfalls whereas pH's are determined from periodic grab samples).

- Section 11. No statement contained in this article shall be construed as preventing any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the Town for treatment, subject to payment therefore, by the industrial concern.

ARTICLE VI

PROTECTION FROM DAMAGE

- Section 1. No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the sewage works. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct.

ARTICLE VII

POWERS AND AUTHORITY OF INSPECTIONS

- Section 1. The Superintendent and other duly authorized employees of the Town bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of this ordinance. The Superintendent or his representatives shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper, or other industries beyond that point having a direct bearing on

the kind and source of discharge to the sewers or waterways or facilities for waste treatment.

Section 2. While performing the necessary work on private properties referred to in Article VII, Section 1 above, the Superintendent or duly authorized employees of the Town shall observe all safety rules applicable to the premises established by the company. The company is responsible for providing access as required in Article V, Section 9.

Section 3. The Superintendent and other duly authorized employees of the Town bearing proper credentials and identification shall be permitted to enter all private properties through which the Town holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

ARTICLE VIII

PENALTIES

Section 1. Any person found to be violating any provision of this ordinance except Article VI shall be served by the Town with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.

Section 2. Any person who shall continue any violation beyond the time limit provided for in Article VIII, Section 1, shall be guilty of a misdemeanor, and no conviction thereof shall be fined in the amount not exceeded one hundred dollars (\$ 100.00) for each violation. ~~Each day in which any such violation shall continue shall be deemed a separate offense.~~ Additionally, chronic violation of the terms of this ordinance may result in termination of the sewer disposal permit.

Section 3. Any person violating any of the provisions of this ordinance shall become liable to the Town for any expense, loss, or damage occasioned the Town by reason of such violation.

ARTICLE IX

VALIDITY

Section 1. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 2. The invalidity of any section, clause, sentence, or provision of this Ordinance shall not affect the validity of any other part of this Ordinance which can be given effect without such invalid part or parts.

The above Ordinance was first reduced to writing and read and considered by Sections at the regular July 17, 1990, public meeting of the Mayor and Board of Aldermen and on motion duly made for the adoption of said Ordinance and seconded, a vote was taken as follows:

Alderman Ryan voted:	<u>"aye"</u>
Alderman Ferrell voted:	<u>"aye"</u>
Alderman Valente voted:	<u>"aye"</u>
Alderman Chappell voted:	<u>"aye"</u>
Alderman Montgomery voted:	<u>"aye"</u>
Alderman Johnson voted:	<u>"aye"</u>
Alderman Lott voted:	<u>"aye"</u>

Thereupon the Mayor declared the Ordinance duly adopted this the 17th day of July, 1991, and declared same to be in full force and effect according to law.

THE HONORABLE BILLY RAY SMITH, MAYOR
AND BOARD OF ALDERMEN
CITY OF CLINTON
P. O. BOX 166
CLINTON, MISSISSIPPI 39060

DEAR MAYOR SMITH AND ALDERMEN:

The Trustees of the Clinton Public School District have approved a 1990-1991 budget in the amount of \$17,207,821 for the Clinton Public School District and respectfully request the Mayor and Board of Aldermen for the City of Clinton to levy on all of the taxable property of the Clinton Public School District the necessary millage to avail \$3,881,213 including an estimated \$294,358 in homestead exemption reimbursement; \$182,000 for payments on a construction and debt consolidation loan executed pursuant to the provisions of Section 37-59-101, Et seq., Mississippi Code Annotated 1972, as amended; \$3,178,585 for the Maintenance Fund; and \$226,270 for the District's local contribution to the Minimum Education Program.

RESPECTFULLY SUBMITTED,

ROSEMARY AULTMAN, PRESIDENT
BOARD OF TRUSTEES
CLINTON PUBLIC SCHOOL DISTRICT

RESOLUTION

On a motion by Mr. Jones, seconded by Mrs. Buckley, the Board approved a 1990-1991 budget in the amount of \$17,207,821 for the Clinton Public School District and authorized and directed the President of the Board and/or the Superintendent of Schools to request the Mayor and Board of Aldermen of the City of Clinton, Mississippi, to levy on all of the taxable property of the Clinton Public School District the necessary millage to avail \$3,881,213 including an estimated \$294,358 in homestead exemption reimbursement; \$182,000 for payments on a construction and debt consolidation loan executed pursuant to the provisions of Section 37-59-101, Et seq., Mississippi Code Annotated 1972, as amended; \$3,178,585 for the Maintenance Fund; and \$226,270 for the District's local contribution to the Minimum Education Program and to file such budgetary information as the State Department of Education may require. Voting for the motion: Aultman, Buckley, Dyse, and Jones. Voting against the motion: none. Absent and not voting: Boone.

CERTIFICATE

I, Dennis Dyse, Secretary of the Board of Trustees of the Clinton Public School District, do hereby certify that the foregoing constitutes a true and correct copy of a Resolution adopted by said Board on June 12, 1990.

Witness my signature this the 12th day of June, 1990.
